### And What Have You

By BOB CRAIG

This is the week that the spotlight turns on legislatures — both at the state and national levels.

One of the main differences in the two is that the trend would seem to be for a certain amount of cutting back in spending on the national scene following the November elections. While on the state level the spending is expected to hit an all-time high.

This is not to say that the federal government will not be spending more than it is taking in but will still be cutting back from its last pace of last year.

On the state level where the problems are mounting faster than they can be solved, some of the top problems will be teacher pay raises again, constitutional revision, water pollution control, pay increases for state employees, driver safety legislation and many more.

And the biggest problem of all will be where to get the money.

It all points us to an interesting 140 days and possibly more in Austin.

The following National Newspaper Association Capital Report gives a brief rundown on the coming session of Congress.

The 90th Congress which convened Jan. 10 is expected to be more conservative than those of the recent past, despite solid Democratic majorities in both the Senate and House.

The addition of 47 Republicans in the House and three in the Senate is bound to mean trouble for a number of "Great Society" programs enacted by narrow margins in the past three years.

Heavy costs of financing the Vietnam war will lend support to conservative efforts to cut back on those domestic spending programs which have proved unpopular. The poverty war will be a prime target.

New legislation expected to be sought by the Administration includes a hefty postal rate increase, higher Social Security taxes, and possibly a boost in corporation and individual income taxes.

Congress will devote a number of weeks to organizational problems. Committee ratios will have to be changed in the House to accommodate the increased Republican delegation. In some cases, committees may not even hold organizational meetings until March.

President Johnson has dropped few hints of what he will seek from the 90th Congress. He is sure to call for an extension of the "Great Society" in some areas but may tone down his program in the light of the election results.

So this could be an interesting winter and spring for government watchers.

Ran across this Associated Press article in the Dallas Morning News last week. Mayor John V. Lindsay was asked about the current female fashion of mini-skirts at a city hall news conference Friday and replied:

"It's a functional thing. It enables young ladies to run faster and because of it they may have to."

If you have a teenager in your family nobody has to tell you that mileage can accumulate on a car pretty fast. But did you know that the total mileage driven in the United States during 1966 was the equivalent of nearly 2 million round trips to the moon?

According to Oil Facts, some 103 million licensed drivers traveled an estimated 922 billion miles. They operated 94 million motor vehicles.

Oil Facts, an American Petroleum Institute publication, cited additional figures on how heavily we rely on automobiles for our business and recreational travel:

—78 per cent of U. S. families own autos; nearly one-fourth own more than one car. (And if you want to get back in the habit of walking just have more drivers than cars and somebody will learn to walk again.)

89 per cent of all intercity travel is by automobile.

—82 per cent of all vacationers drive their own cars.

Highway transportation accounts for one out of every six businesses and one out of every seven jobs in the nation.

## Registration for Voting Being Held by BCD

Registration for voting in 1967 is now underway and certificates are available for Hamlin voters at the office of the Board of Community Development.

The certificates replace the former poll tax and substantially the same regulations as to age and exemptions prevail.

The certificates may be obtained at the BCD office or in the office of A. J. French, Jones County Tax Assessor, in Anson.

Registration blanks may be filled out and sent to the Anson office and the certificate will be mailed to the voter.

There is no cost and the deadline is Jan. 31.

## Piperettes Take First In Hawley Tournament

The Piperettes carried home the first place trophy from the Hawley Invitational Tournament Saturday night, beating the hosts, 30-27, in the finals. Linda Bailey led the girls in scoring with 17 points.

Bailey and Paulina Lakey were named to the all-tournament team.

The local girls defeated Avoca, 62-45, in the first round Friday night with Bailey hitting 26 points. In the second round Saturday morning the Piperettes downed the Wylie B Team, 38-27, with Bailey again topping the scoring with 25 points.

## Junior High Wins Three With Haskell Here Monday

The junior high basketball teams took all three games with good margins from Haskell here Monday night.

Seventh grade boys scored 31 to their opponents' 13. Ricky Rodgers was high point with 10.

The eighth grade girls won 34-14 with Cheryl Gibson scoring 16.

The eighth grade boys won 41-29 with Dwayne Miller as high point scorer.

The junior high teams will meet Aspermont Monday evening in games not on the original schedule. The first of the three games will start at 6 p.m. in Aspermont.

The Hamlin boys will host a tournament here Jan. 19 and 21 for seventh, eighth and ninth grade teams. There will be four teams in each division.

## County Fathers Open Bids On Storm Windows, But Delay Vote

Jones County Commissioners Court has had two busy sessions since the new year opened, the first marked by passage of customary first of the year orders, and the second, the customary once a month meeting.

On Jan. 3, County Judge Leon Thurman swore in all newly elected officials and W. L. McDonald, district clerk, swore in the judge and Commissioners J. L. Touchstone and Tom Boyd.

The commissioners set salaries with no changes except that salary of the justice of the peace at Hawley and at Hamlin was set at \$75 per month. In Stamford the pay is \$110 and in Anson, it is \$175.

The court adopted an order saying they would operate on the salary basis rather than the fee system. This is required once a year. All bonds of the elected officials were approved.

At Monday's meeting the court opened bids on storm windows for the court house. The four bids ranged from a

With him is Jayne Carol Turner, FFA Sweetheart, holding trophy. Bob Clifton, in bottom photo, is showing his light weight steer that was named grand champion. Bob also had the reserve champion steer with his heavy weight steer. His heifer under one year of age was named reserve champion breeding beef female. Miss Turner is to his right. The show was held at the Hamlin Riding Club arena on the Aspermont Highway. See page 3 for more pictures and show results.

## PIPERS DOWN STAMFORD—

## Haskell to Play Here Fri. Night

The local basketballers will host Haskell here Friday night in their first home district game. It will be the Pipers second district encounter, defeating Stamford Tuesday 64-55. It will be the opener for the Pipers.

The B Team will start the evening's series at 5 p.m. They will be seeking their second win in the district play.

The three HHS teams will travel to Anson Tuesday night to continue their district efforts.

The Pipers took an early lead in their conquest over Stamford but then fell behind

and trailed until the fourth quarter. They pulled ahead of the Bulldogs with three minutes left in the contest and went on to take their nine point victory.

Milton Davis collected 28 points to top the scoring for the night.

In other action around the district Tuesday night Colorado City mauled Winters, 90-46, and Anson edged out Haskell, 79-70.

## First Methodists Holding Sunday Evening Study

A church-wide study is being held each Sunday evening at First Methodist Church entitled "Keepers of the Poor."

Rev. Cecil Hardaway, pastor, introduced the study Sunday evening. The second session, Jan. 15, will be presented by Mrs. L. C. Bonds and Mrs. Scotty Knox. "Two in a Trap" will be a play portraying two women caught in an elevator, one is rich and the other is poor. Their problems are different and yet they find that they are both in need of the same thing.

Those planning to attend the study are asked to observe the daily papers for articles concerning poverty and ways and means of helping the poor. These should be taken to the study for a sharing time that will follow each session of the study.

## County Farm, Ranch Day Set In Stamford Monday

The Annual Jones County Farm and Ranch Day program will be held in the Stamford High School Auditorium Monday afternoon according to a joint announcement this week by Jones County Agent Kirby Clayton and Birger Haterius who is chairman of the Jones County Extension Program committee.

The program is being sponsored jointly by the Jones County Extension Program

committee and The Fort Worth & Denver Railway of Fort Worth and will start at 4 p. m. and conclude at 8 p. m. with the evening meal at 6 p. m.

Three specialists representing Texas A & M University Extension Service and three representing the Cotton Industry in Texas will be on hand to bring the program on a variety of subjects relating to farming and outlook information, according to Clayton.

The evening meal is sponsored by the gins, compressors, oil mills, and other business men and interested people of Jones County.

Dr. Cliff Hobbs, Extension Plant Pathologist of A & M, will open the session with "Cotton Disease and Soil Conditions." He will be followed by John McHaney, Extension Economist of A & M, speaking on "Economic Outlook for General Agriculture and Commodities."

Closing out the afternoon session will be Dr. Rupert Palmer, Extension Weed Control Specialist, with "Pre-emergence and Post-emergence Weed Control in the Rolling Plains."

Following the meal, Carl Cox, Director of Cotton Research Committee of Texas, will speak on "Is Cotton A Dying Industry Or A Sleeping Giant?" Mr. Cox is guest speaker for Ft. Worth and Denver Railways.

This will be followed by a report on "The Cotton Situation on the Rolling Plains of Texas" by Charles Stenholm, Executive Vice President, Rolling Plains Cotton Growers, Inc.

B. B. Manly, Officer in Charge Cotton Classing Office of Abilene, will close out the session with a report on "Cotton Classing."

Mr. Haterius will serve as master of ceremonies for the program.

## Eugene Gibsons Present P-TA Program Thursday

Mr. and Mrs. Eugene Gibson, former residents of Tripoli, Libya, North Africa, presented the program at the Thursday afternoon meeting of the Hamlin Parent-Teachers Association.

Mrs. Gibson narrated the movies as they were shown by her husband. The film was taken while the family lived in North Africa when Mr. Gibson was there with Continental Oil Company for two years.

The family moved here last August when he was transferred to Hamlin. He is a pumper with Continental Oil Co.

## Mrs. Bob Craig Named Local Coordinator of Cultural Survey

Mrs. Bob Craig, president of the Woman's Literary Club has been designated as the local coordinator for a cultural resources inventory to be taken in Hamlin as a part of an official statewide survey now being conducted by the Texas Fine Arts Commission, according to Mrs. Lynn L. Williams,

president of the Mesquite District of the Texas Federation of Women's Clubs.

John Ben Shepherd of Odessa, chairman of the newly created Fine Arts Commission, said, "We are indeed grateful to Mrs. Craig for undertaking the completion of our survey in Hamlin. This is a unique project in Texas; nothing of its kind has ever been attempted in the State of Texas before."

The purpose of the survey, Shepherd explained, is to determine both the quantity and quality of cultural activity both by organizations and individuals now going on in the towns and communities in our state. "We plan not only to catalogue the various organizations active in the fine arts field in Texas, but to identify individual artists, authors and craftsmen, and the location and identification of local public and private works of art and collections," Shepherd said.

When tabulated, the results of the statewide survey will be used by the Commission to develop an over-all plan to utilize the cultural resources of the State to meet the needs of the greatest number of persons possible. The survey results will also permit the Commission to publish a "Who's Who" in the arts in Texas, a calendar of cultural activities and events, and a list of available talent, performing arts groups and exhibits, and to develop pilot projects that would assist in the development of the arts in Texas.

## Parcel Post Rate Increase After Jan. 15 Announced by Postmaster

Use of ZIP CODE will make it easier to mail packages after January 15, Postmaster Perry Sparks said today.

New rates and a new system for identifying parcel post zones will go into effect on that date as provided in legislation signed into law by President Johnson on September 20, 1966, the Postmaster pointed out.

The rate increases will average about 10 cents a parcel, Sparks said. Starting July 1, the law provides for a series of size and weight increases on packages mailed between first-class offices. Hamlin is a second class office. The size and weight increases will be in five annual steps.

Use of ZIP CODE in the recipient's address will enable the sender or a mail clerk to quickly determine the proper zone, and thus the rate, for the package. The zones will be based on the distance a parcel travels between the 552 sectional centers in the country, Sparks said.

By consulting a simple chart, which is available at all post offices, the zone can be readily identified because the first three numbers of the ZIP CODE represent the sectional center. This replaces a method in which a directory often had to be consulted to locate the proper zone for each of the nation's 33,000 post offices.

The new rates will range from 40 cents for a three-pound parcel destined for local delivery to 60 cents for the same parcel to zone 3 (150 to 300 miles) to zone 8 (over 1,800 miles). The new zoning method will also apply to air parcel post, catalogues and to publishers who pay zone rates on the advertising portion of their periodicals.

Sparks noted that all parcels mailed between post offices within the Hamlin sectional center will be charged at the first zone rate. There are 54 post offices within the Abilene, Texas sectional center.

## Bob Clifton Shows Top Steer At First Annual Livestock Show

The grand champion steer at the Hamlin FFA and 4-H show held here Saturday was shown by Bob Clifton, 17 year old high school junior and son of Mr. and Mrs. Floyd Clifton. He also won reserve champion with his winner of the heavy weight class.

The grand champion, a lightweight entry was bred by Roy Largent of Merkel.

Leldon Clifton Jr. had the grand champion breeding beef female. A high school freshman, he is the son of Mr. and Mrs. Leldon Clifton Sr. Reserve champion went to Bob, a cousin to Leldon.

J. T. Dozier and Dennis Elbracht, both vocational agriculture teachers from Anson, judged the show when Al Maberry, Trent VA teacher had to cancel at the last minute due to serious illness.

The Hamlin Jaycees sponsored the event, the first local show to be staged in several years.

T. C. Hanks and Milburn Wink, VA teachers, were superintendents for the show.

## SYLVESTER NEWS...

By Mrs. R. M. Babb  
Cloudy and cold but I am afraid there is not any rain in sight. We really need it, but that is neither here or there. Guess we can still hope, can't we?

Seems that the gin lost quite a few pounds of cotton seed last Friday when that spring sand storm got here early and got the seed on fire, thank goodness there was not any other damage.

Our gin manager's daughter is still winning Grand Champion Ribbons with her Black Angus Steer. It is nothing new for ten year old Jana Jeffery, daughter of Mr. and Mrs. Billy Jeffery to win; she has been making a habit of it for some time.

Mr. Emma Henry is in Calhan Hospital in Rotan and has been quite ill.

Mrs. Eva Stephens is in Wilkerson Clinic in Roby and is feeling some better.

Mr. Luke McCollom spent several days in Hamlin Hospital but is feeling better.

Mrs. Don Wright, nee Micki Douglas was guest of Honor at a Gift Tea in the home of Mrs. A. J. Hill on Saturday afternoon, many lovely gifts were received.

I finally got rid of the sling. My hand is still swollen but is

improving. I will soon be able to do most everything.

Mrs. W. B. Brown and Mrs. Homer Pursley were in Sweetwater Saturday afternoon.

Mr. and Mrs. Tommy Hood and two sons from Ft. Stockton spent the weekend in the Hugh Hood home then on Sunday Ethel Boivin of Roby spent the day with all of them.

The Bill Watsons visited in the Blackie Ford home on Sunday afternoon.

At this writing Joe Boy (Don) Kelly is in a serious condition due to a hunting accident Sunday. I have been trying to contact some of the family but as yet I haven't been able to. I surely hope he is much better by the time this comes off the press. He was sent to Hendrick Hospital from the Hamlin Hospital. He underwent brain surgery in Abilene Sunday. He was shot accidentally in the head with a 22-caliber bullet. He was rabbit hunting with friends when the accident occurred.

## Filing Deadlines For Farmers

Dallas — Farmers who earned at least two-thirds of their 1966 gross income from farming should file their declaration of estimated Federal income tax for 1966 on or before Monday, January 16, 1967. Form 1040ES should be used for this purpose.

However, Edis Campbell, Jr., District Director of Internal Revenue in northern Texas, said that farmers need not file an estimate if they file their 1966 Federal income tax return, Form 1040, and pay in full any tax due by February 15, 1967.

"Farmer's Tax Guide," (Publication No. 225), which furnishes information on this subject, may be obtained by dropping a post card to your District Director, Internal Revenue Service, 1600 Patterson

Street, Dallas, Texas 75201 or from your county farm agent.

FAIRVIEW NEWS...

By Mrs. Elmer Jensen

There have been so many changes about the Fairview news since last week, one of the things that the Fairview news will also quit. We may not get together every week and it may be hard to find anything to write, but by spreading out a little the news is spread out a little more to write. Here we have had the old times being away are interested in the changes taking place, out our way, the news about the old times and their families, as well as to report on it as long as we can find something to write.

There isn't any need to mention the cold dry weather, you have it every where when it comes to two people get together, even the weatherman doesn't promise any rain. Oh yes, we did have our first and worst storm of the season last Friday, was just a little of what is going to be if we don't have some precipitation.

Some way we failed to get it in our news last week that Mrs. John Dutton and Lillie, started with the Fred Rosenbergs, on Sunday afternoon, having come out from Anson for a last look at the church house, before it was moved. They attended services there many, many years before moving to Anson and we think they never got over their love for the folks out our way. We do know it is a mutual feeling with all of us, but it was just another one of those changes that had to be.

Mr. and Mrs. Winston Gray were Tuesday night visitors of the Anson Agnews.

Mrs. Hazel McCoy and Mrs. Ruth McCoy were Monday afternoon visitors of Mrs. Elmer Jensen. As I have told before, Mrs. McCoy is a farm mother, in one of the boys' dorms, at Bethany College, Bethany, Okla., and was on her vacation between classes in the Christmas and New Years season. She is still very enthusiastic over her work and really loves her boys.

Mr. and Mrs. Bill Newland attended funeral services at Anson, last Thursday, for her brother-in-law, who passed away after a short illness. Did not get his name, but he was her sister's husband.

Mr. Woodrow Goodwin worked two days last week, as an extra, in the kitchen of the Hamlin Hospital and reports that she also likes her job.

Mr. and Mrs. Winston Gray went to Abilene, Tex., Saturday and stayed until Monday with his sister, Mr. and Mrs. Audrey Skipper.

Mr. and Mrs. Woodrow Goodwin and Linda, were Sunday visitors of his brother, Mr. and Mrs. Ralph Goodwin, of Eastland.

We are sorry to report that Mr. Weston Carter is in Hendrick Hospital, Abilene, where he will undergo lung surgery Monday morning.

Mr. and Mrs. E. A. Henry had as their guest, his sister, Mrs. Ethel Bullock, Petersburg, from Monday until Thursday of last week.

Their son, Mr. and Mrs. Jim Henry, of Midland, spent Thursday with them.

The Deakes had a long interesting letter from Steve Attek, who is home in his native country, Nazareth, Israel. After spending seven years in the United States, in school, he went back to his country to preach to his people. He

reported that he had been ordained and hoped to have a church by the last of the month. We are sure that with his sincerity and love of his work, he will go a long way in the Lord's work in Israel.

In driving around we find that the Jones Youngs have had the pasture on the old Frontier place, which was Mrs. Young's home place and now owned by them, now placed, since there has always been a giving that area a new look, pasture there. It won't be long before all of the trees will be placed up and cleared out, since they are only nuisances. It has been a long time since we have been in Eastern County where they had to burn was about the most uncomfortable, as we wonder if we will ever get used to seeing all of the good wood burned to get rid of it.

Winston Gray has purchased the pasture land on the old D. M. Roberts place, recently owned by C. W. Wainwright. This part of the estate was bought from Mr. and Mrs. Brockman of Throckmorton. Mrs. Brockman is the former Gladys Wainwright. Mr. Gray has repaired the fence and now has his cattle on the place, the place at Hanna, having sold last year, that he had owned so long.

Another sale recently was the sale of the Bruner home place, which was owned by the Bruner children, to Mr. Isaac Holmes of Abilene. Mr. Holmes is also a son-in-law of the Wainwrights, having married the former Josephine Wainwright. We have not learned Mr. Holmes plans for the farm after this year.

OLD GLORY...

By Judy White

Mr. and Mrs. Ben Hertenberger were honored at a 50th wedding anniversary reception in the Old Glory School Cafeteria last Sunday afternoon.

Hosts for the event were the couple's children, Mrs. Jack Simmons, Fort Worth; Roy Hertenberger, Asperment; Malcolm Hertenberger, Rule; and Jerry and Don Hertenberger both of Abilene.

Mr. Hertenberger was born in Sebring County and Mrs. Hertenberger is a native of Brown County. Both moved to this area with their parents in the early 1890s. They were married in Old Glory Jan. 4, 1904, by J. L. Chennault who was Justice of the Peace at that time.

They have lived in this vicinity since that time. Mr. Hertenberger engaged in farming, worked for Wienie Gin for four years and managed the Old Glory Gin for 18 years. He retired last fall.

They have 13 grandchildren and 2 great grandchildren.

About 300 people attended the reception Sunday afternoon.

Out of town guests attended from Corpus Christi, Amarillo, Lubbock, Midland, Fort Worth, Abilene, Paducah, Wichita Falls, Norman, Okla., Sweetwater, Anson, Cameron, Arlington, Asperment, Hanksville, Stamford, Waco, Roby and Rule.

Mr. and Mrs. James Overton of Stamford were dinner guests in the home of Mr. and

375 Farms Take Part in Program For Conservation

Conservation of soil and water resources got a major boost in Jones County during 1966, says Chairman A. D. Hill of the Agricultural Stabilization and Conservation Committee.

Data just compiled by the ASACS Jones County Office shows that 375 farms participated in the Agricultural Conservation Program during the past year with program funds being primarily on conservation needs of farmers in Jones County.

According to the ASACS report, farmers earned \$24,000,000 in cost-share assistance during 1966. To promote conservation, funds are allocated on a "matching" basis, with farmers normally sharing half or more of the total cost of the conservation practices carried out.

Some of the major ACP practices carried out in Jones County were: Puddled Terracing, Subsoiling and Brush Control.

ACP, according to Chairman Hill, is aimed at solution of conservation needs and problems. It may help improve the appearance of rural areas, as well as protect the soil, water, woodland, and wildlife resources of the farm and community.

Singing Sunday

The Jones-Flower Country Singing will be held Sunday at 2 p. m. at the Four-square Gospel Church.

New books have been received and will be used. Everyone is invited.

Mrs. Lynn Flowers on New Year holiday.

Other guests in the Flowers home were Mr. and Mrs. Guy Arnett of Anson, Calif., and his cousin, Mrs. Lloyd Palmer of Mineral Wells. The Arnetts had been visiting their daughter and family, the Cliff Duttons, at Fayetteville, Ark., and were on their return home when Mrs. Palmer joined them at her home to go to California with them to visit her son and daughter and families.

The Arnetts are former residents of Sagerton and Stamford, and had visited the Old Menns in Rule and relatives in Stamford and friends at Sagerton. They were privileged(?) to see a real Texas dust storm Friday.

Mr. and Mrs. Bill Baumbach of San Francisco, Calif., who are former residents of the Old Glory area are visiting their relatives in West Texas. They were guests of her niece and family, the David Letts, Friday and Saturday and were visitors in the Lynn Flowers home Friday night. The Baumbachs also witnessed the West Texas dust storm (so different from smog).

Mr. and Mrs. Delos Callionette recently visited his brother, Roy Callionette, and wife at Spur.

Basketball

Old Glory Girls brought home the second place trophy in the Jayton Basketball Tournament last week. The girls scored a 29-27 victory over Asperment on Friday but Jayton defeated them on Saturday 45-36.

In District competition both girls and boys won over O'Brien last Thursday night giving them each three wins and no losses.

Fans are reminded that Friday night the game with Paint Creek will be here in Old Glory. On Tuesday Jan. 17 our teams go to Wainert.

Mr. and Mrs. Cliff Gholson received word last Saturday that Mr. Gholson's mother, Mrs. Flora Gardner of Wichita Falls, fell and broke her leg. Mrs. Gardner is in Room 362 General Hospital, Wichita Falls.

The Giant

The skyline of New York, our largest city, is familiar to everyone. New York has buildings unmatched anywhere in the world, and also leads the nation in many industries. This great city typifies the success and abundance throughout our nation. God has blessed our nation.

"Blessed is every one that feareth the Lord; that walketh in his ways. For thou shalt eat the labour of thine hands: happy shalt thou be, and it shall be well with thee." Psalm 128:1-2

## Motorists Warned Of Inspection Deadline In April

Austin -- Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reminded Texas motorists today that most vehicles have not yet been inspected for their 1967 vehicle inspection sticker.

"The inspection period is two-thirds over and only about one-third of the vehicles have been inspected," said Garrison. "This means that during the 14 weeks remaining before the April deadline for inspections, more than twice as many persons each week must have their car inspected to avoid long lines forming at the end of the period."

In urging motorists to have their vehicle inspected at an early date, Garrison pointed out that official inspection stations are easily identified by the standard sign displayed at or near the service entrance of the garage.

## Cancer Society Directors Meeting

The Jones County Cancer Society board of directors met Monday evening at Jack's Steak House in Anson.

Attending from Hamlin were C. L. Howard, Buna Rountree, May Gay and Mrs. Kenneth Riddle.

The new director for this area is Jack Sperry of Wichita Falls.

The speaker, Jack Hardison of Austin, head of the public education department, told of the need of getting the public educated to the seven warning signs of cancer.

## Your passport to the world

Your telephone can carry your voice to almost any corner of the globe at the speed of light. Pretty amazing when you stop to think about it. Fact is, you can reach 97 percent of the telephones in the world by Long Distance. And closer to home, you can call more people and more places in Texas than ever before. That's just one way your telephone service has grown in value over the years.

Another way is in transmission quality. Today's phone users can talk as though they were four feet apart. Back in the early 1930's, it was 35 feet. And the low cost of telephone service makes it a real bargain. Today you can make a three-minute, station-to-station call to any point in the continental United States (except Alaska) for \$1 or less after 8 p.m. or all day Sunday. Better service to more places at lower cost. We think that's a winning combination.

## GROWING-UP COMFORT

How times have changed in electric heating -- it's growing up! By the time this lad is 15 years old, according to Edison Electric Institute, there will be 19 million electrically heated homes in America. Just as the electric refrigerator replaced the icebox, electric heating is replacing tired, outmoded fuel systems. Electric heat is even from floor to ceiling. It is constant. And, it is safe -- a clean break with the past.

Isn't it time you began to enjoy this modern way of heating your home? It costs no more to operate than flame-type fuels. See WTU or your local comfort-conditioning dealer.

### NEW GENERAL ELECTRIC Mobil Maid Portable DISHWASHER

SP 3915

Start the new year right with a new General Electric Dishwasher. Get rid forever of hand dishwashing... the most monotonous, hand-scalding, glass-chipping, dish-breaking, never-ending, thankless job in the world!

With this Mobile Maid® Dishwasher you'll never hand rinse or scrape a dish again. G.E.'s Soft Food Waste Disposer liquefies soft food and washes it away. Just tilt off large or hard food scraps... And G.E.'s exclusive three level Thoro Wash will scald clean, thoroughly clean your dishes for 37 minutes.

- Other features to appreciate:
- Special China and Crystal cycle to help protect fine china and glassware and get it sparkling clean, spot-free, bright and shining.
  - A Super Wash for extra dirty pots and pans.
  - A Beautiful Maple Counter Top that doubles as a carving board or vegetable preparation center.
  - It's an extra storage cabinet; keeps your kitchen clean, neat.
